During his stay in London, Chairman/Governor Yoon is expected to sign a Memorandum of Understanding on supervisory cooperation with Chairman Callum McCarthy of U.K. Financial Services Authority and meet with Dr. Chris Gibson-Smith, Chairman of London Stock Exchange, for discussions on global equity markets, exchange consolidation, and London's success as a global financial center. Chairman/Governor Yoon plans to stress the success Korea has had with deregulation, reinforcing market discipline, and improving the overall regulatory environment for foreign businesses and investors.

In Athens, Greece, Chairman/Governor Yoon will deliver the keynote speech at the IIF Spring Membership Meeting before senior business executives of global financial firms. In his speech, Chairman/Governor Yoon is expected to emphasize the benefits of well-managed financial liberalization and outline Korea's regulatory agenda, including continued deregulation and the financial hub initiative.

Chairman/Governor Yoon's high-level meetings in Europe represent the ongoing efforts of the FSC/FSS to strengthen supervisory ties with foreign and international regulatory organizations and keep the global business community well informed of Korea's regulatory developments and improving business environment.
